PLANS FOR THE NATION'S BIG DAY

Monday's Celebrations at Home and Abroad.

ONE CITY WILL BE SILENT

Ban Has Been Placed on Fireworks in Cleveland—President Taft on Tuesday Will Attend Lake Champlain's Tercentenary, Which Begins on Monday—The Northwest Will Fittingly Observe the Fourth of July.

Throughout the length and breadth of Uncle Sam's possessions, which means nowadays a land on which the sun never sets, his sons and daughters will celebrate Monday the 133d anniversary of the signing of the Declaration of Independence.

On Monday night the man on Mars, looking down on the broad stretch of earth and scattered spots over which the American flag waves, will see repeated the annual spectacle of a land in violent pyrotechnic eruption. He will, however, see nothing of the sort rising from the site of Cleveland, O., where the city fathers have decreed that Cleveland shall add zero this year to the total of more than 500 dead and many more hundreds wounded that represents the annual American sacrifice to exuberant patriotism. Fireworks are under the ban in Cleveland and in a few other places, but on the whole the celebration of the Fourth of July on July 5, the calendar Fourth coming tomorrow, will differ very little from that of the past years.

More and more as the years go on Independence day shares with Memorial day and Labor day, the two other summer holidays, in the great outpouring of the American people for outdoor recreation. They do not forget their patriotic duties by any means, but hurry through them in order to participate in or view contests on land and water.

Taft to Attend Celebration.

The center of the patriotic Fourth of July celebration comes this year at Lake Champlain, N. Y., beginning Monday. President Taft, Vice President Sherman and other national celebrities will take part in the commemoration of the 300th discovery of the lake and the recalling of the historic events that have taken place along its shores, although the president will not arrive until Tuesday. Probably the greatest of the big cities' celebrations of Independence day will come in Pittsburgh, where an old fashioned Fourth of July will be spent in speeches, fireworks, balloon ascensions, etc. In Washington Secretary Nagel of the department of commerce and labor will be the principal speaker.

On the day of days for Americans the temporarily expatriated Yankees will meet in many cities and dwell on their country's glories. In London, Paris, Berlin and other places there will be banquets and speeches. A unique celebration of the day will be that at Aarhus, Denmark, where a large number of Danish-Americans, assembled for a visit to the old country, will extol the land of their adoption in the presence of the crown prince and other distinguished Danes. Many of the Americans sojourning in England will visit Henley next Monday to witness the opening of the annual regatta.

Celebration in the Northwest.

General preparations are being made by almost all cities, towns and hamlets throughout the entire Northwest for an enthusiastic celebration of the day. Crookston has secured Senator S. D. Works of Mankato to deliver the patriotic oration on Monday. Enormous plans for a complete illumination of the city are being carried out.

Windom, Minn., will celebrate on Monday, with State Treasurer C. C. Dinehart to give the address and a ball game between Jackson and Springfield. Spooner, Minn., has turned her attention to aquatic sports in Beaudette bay as extra features on Monday. Redwood Falls, Minn., will hear Secretary of State Julius Schmah.

In South Dakota among the usual municipal celebrations the Lower Brule Indians will carry on a three-day celebration with a gigantic pageant of sports and sham battles. Manitowish, Wis., is also preparing unusual features.

Several Hurt in Collision.

St. Louis, July 3.—Two persons were probably fatally injured and several others were hurt in a collision on Euclid avenue between trolley cars returning from a summer garden.

MURDER AGITATES BRITONS

England Deeply Stirred by Crime of an Indian Student.

London, July 3.—The murder of Lieutenant Colonel Sir William Hutt Curzon Wyllie and Dr. Cawas Lalca of Shanghai by Mardar Lelof Dhinagri, an Indian student, Thursday night at the Imperial Institute, has stirred England in a manner unknown since the Phoenix Park murders. It has been a subject for self-congratulation by Englishmen that Great Britain was immune from political crimes of this nature, and it is a great shock to feel that public men no longer are safe from the attacks of assassins. Great sympathy is felt for Viscount Morley, secretary of state for India, the difficulties of whose position will be greatly increased by the murder. A strong feeling has been aroused against a number of the members of the house of commons and others who have encouraged the Indian agitation against the government.

Another consequence of the tragedy distasteful to Englishmen is that henceforth it will be necessary to afford police protection to public men. It is understood that Scotland Yard already has detailed detectives to follow Lord Morley and others connected with the Indian administration when they appear in public. Newspapers of all shades of opinion urge the government not to swerve a hair's breadth in the direction of weakening the executive authority in India and above all never to allow the extremists to suppose that Great Britain can be frightened by such murders into granting political concessions.

WRIGHT'S AEROPLANE SLIGHTLY DAMAGED

Hits a Tree, Breaks Skids and Rips Right Wing.

Washington, July 3.—Resembling a giant bird swooping down upon its prey, the Wright aeroplane, after the motor which propels it had come suddenly to a standstill, glided gracefully to earth after having made two successful flights.

The machine was on its way to Fort Myer drill grounds for the ninth time in its second flight when the motor stopped, sixty feet above the earth and exactly in the same place where the propeller blade broke last September, which resulted in the fatal accident that terminated the trials at that time. In gliding to the earth the machine struck a tree and was swerved around with such force that the skids were broken and the right wing badly ripped. Mr. Wright was not hurt.

The two flights were the most successful that Orville Wright has made at Fort Myer since his return to complete the government trials. On the first attempt he flew about the field twelve times in 11 minutes and 50 seconds and on the second trial he had gone around eight and one-half times when the flight was terminated by a mishap. He had been in the air for a little more than eight minutes. During both flights Mr. Wright went higher than in the trials of the two previous days. It was estimated that his speed was about thirty-seven miles an hour on an average, although the machine probably exceeded forty miles when flying with the light breeze blowing from the south.

WILL MOVE HEADQUARTERS

Woman Suffragists Will Have Head Office in New York City.

Seattle, Wash., July 3.—The American Woman Suffrage association decided to establish national headquarters in New York city. When discussion of the removal from Washington was begun some of the delegates objected on the ground of the heavy expense of maintenance in New York. They were assured, however, that plenty of money was obtainable in New York and had been definitely pledged; that the suffrage movement was on every tongue in the great city and had entered on a new era there.

The split in the Washington state organization vexes the national officials, who are trying to effect a compromise. The insurgents from Spokane are holding sessions in a hall opposite the church in which the national convention meets. The national body voted unanimously to seat two Spokane delegates without a vote, pending investigation of their protest to the national body. This concession the insurgents accepted and took the two seats.

SENATE ADOPTS TAFT'S SCHEME

Favors Plan to Tax Incomes of Corporations.

INCORPORATED IN TARIFF BILL

After Much Tribulation the Senate Reaches a Vote on the Proposition and the Amendment Is Carried by a Large Majority—Administrative Features of the Tariff Bill Next to Be Considered.

Washington, July 3.—The corporation tax amendment which was suggested by President Taft, drawn by Attorney General Wickersham and presented to the senate by Mr. Aldrich, chairman of the committee on finance, is an integral part of the tariff bill as that bill now stands. After much tribulation the senate reached a vote on the proposition shortly before adjournment for the day and the amendment was agreed to by the large vote of 60 to 11. With all modifying amendments disposed of, many Democrats voted with most of the Republicans for the amendment. Only three Democrats voted against the provision on the final vote, but some refrained from voting at all.

The test vote was on the substitution of the corporation tax amendment for the income tax provision and on that vote 45 senators cast their ballots in the affirmative and 31 in the negative. On this ballot all the Democratic votes were cast in favor of the income tax, which also received the support of a number of the insurgent Republicans.

The income tax question disposed of, the senate now will enter upon the administrative features of the tariff bill, probably taking up the maximum and minimum rate provision. Mr. Newlands was the last speaker and when he concluded, Mr. Aldrich took the floor and made request for a unanimous agreement for a vote on the corporation tax amendment today.

Previous to presenting this request there had been much conferring between Mr. Aldrich and Messrs. Bailey, Cummins, Borah and other opponents of the amendment, and it was generally supposed they had reached an understanding that the vote should be taken today, as suggested by Mr. Aldrich. When it seemed that such a compact was probable Senator Cummins came to the front with an objection.

Aldrich Called for a Vote.

After Mr. Cummins' objection had been recorded and Mr. Aldrich had called for a vote it looked as if he would be disappointed. Senator Frazier, who has been a supporter of the income tax amendment and an opponent of the corporation tax, was absent from the chamber on account of illness. Desiring that he should be present when the vote was taken, Mr. Bailey took the floor and announced his determination to hold it until Mr. Frazier could make his appearance. Mr. Frazier soon came in and thereupon the Texas senator yielded and the voting began.

The first vote was upon the motion to substitute the corporation tax amendment for the Lodge countervailing duty amendment, and this prevailed by a vote of 45 to 31.

Immediately following, Mr. Lodge withdrew his amendment and a vote was taken on a motion to substitute the corporation tax amendment for the income tax amendment offered jointly by Messrs. Bailey and Cummins. The result was an exact counterpart of the vote on the previous roll call.

Next in order came the vote upon the corporation tax upon its own merits, but before this ballot could be reached, Mr. Bacon sought to obtain action on two amendments to that provision presented by himself, both of which Mr. Aldrich moved to lay upon the table with successful result.

The climax was reached upon agreeing to the corporation tax amendment as a part of the tariff bill. This amendment was adopted by the vote of 60 to 11.

CANADIAN SETTLER KILLED

Shot Dead While Plowing on His Farm.

Winnipeg, Man., July 3.—A cold-blooded murder was committed at Margo, Sask., when Alf D. Fraser, a settler, was shot dead while plowing on his farm. Mounted police organized a posse and after surrounding the home of S. Hainer effected his arrest for the murder. Hainer fought off his captors for hours with a loaded rifle, but finally surrendered.

TEACHERS MEET IN DENVER

Educators Hold Their National Convention in That City.

Denver, July 3.—With the gathering in this city today of thousands of teachers and others interested in educational work the annual convention of the National Educational association assumed shape, although the general sessions will not open until Monday evening, when the president of the association, Lorenzo D. Harvey of Menominee, Wis., will deliver an address on "Industrial Education." The convention will remain in session until July 9.

The present active membership of the association consists of 6,000 of the leading teachers of the country. All teachers and others actively associated with educational institutions, including libraries and periodicals, may become members of the association.

Following the custom of several years the Religious Education association will hold a conference in connection with the convention of the National Education association. This conference, having for its topic "The Relations Between Public Education and Religious Training," will meet next Monday.

Lake Schooner Sunk.

Detroit, July 3.—The schooner John Schuette of Toledo was sunk off the shipyard of the Great Lakes Engineering works in the lower Detroit river in collision with the steamer Alfred Mitchell of Duluth. The steamer was downbound and the schooner was sailing up the river in a heavy squall when the vessels crashed. The schooner's crews escaped.

STEPHENSON STATUE UNVEILED AT CAPITAL

President Taft Pays Tribute to Founder of G. A. R.

Washington, July 3.—With military and civic honors, as befitting the recalling to memory of a man who was trained in the peaceful profession of medicine and served his country in the ranks of warriors, the statue of Major Benjamin Franklin Stephenson, "father of the Grand Army of the Republic," was unveiled here today.

Participating in the ceremony of dedication were President Taft and other prominent men. The president delivered an address, but the orator of the day was Representative J. Hampton Moore of Pennsylvania. The unveiling was preceded by a parade of United States soldiers, sailors and marines and the national guard of the District of Columbia.

The monument unveiled today is the first one erected to the memory of Major Stephenson, who was born in Illinois in 1822 and died in 1871. It is intended also to commemorate in granite and bronze his idea, conceived while he was serving as a surgeon in the Union army, of uniting the veterans of the Federal army into a great fraternal organization.

The shaft has been erected at a cost of \$40,000, the Grand Army of the Republic contributing \$30,000 and the national government \$10,000.

ELLA GINGLES ON THE STAND

Testifies in Her Own Behalf in Chicago Court.

Chicago, July 3.—Ella Gingles took the witness stand in her own defense in Judge Brentano's courtroom here, telling a story that aroused the fresh sympathy of many women prominent in church and philanthropic work who crowded into the room to hear her.

The girl was taken in her examination step by step from the time of her birth in North Ireland eighteen years ago to the day when she was charged with the theft of lace from Miss Agnes Barrett of the Wellington hotel. She declared that this charge against her was manufactured and when she left the stand her attorneys promised that she would be allowed to go into all the details of the attack upon her in the hotel, and how she was almost forced into a life of shame by the women who pretended to be her friends.

FIERCE STORM IN MILWAUKEE

One Inch of Rain Falls in Eighteen Minutes.

Milwaukee, July 3.—The fiercest rain storm in the history of the Milwaukee weather bureau was experienced when an inch of rain fell in eighteen minutes, the previous record being an inch in 45 minutes. Many trees were demolished and signs blown down by a fifty-eight mile wind. Basements were flooded and street cars delayed for nearly an hour, caused by washouts.

The storm followed the hottest day of the year, the thermometer registering in the nineties.

WEATHER FORECAST

Fair and warmer.

LITTLE FALLS wants the peddlers ordinance enforced in order to protect the men who pay taxes. Good idea.

THE social feature of the Little Falls commercial club has been eliminated and the billiard and pool tables and furniture that was included in that feature has been sold.

THE Minnesota mule presented to Candidate Bryan is now hauling a beer wagon in Goldfield, Nevada. No kick has been registered by his muleship and Bryan seems satisfied.

It appears that the removal of the superintendent of the Grand Rapids experimental station has been asked of the university regents on the grounds that he is opposed to saloons. That might hold him his job.

THOSE interested in the sale of liquor at Aitkin will have to pay a yearly license of \$1,000 in future, the village council having ordered the raise to go into effect when the present licenses, which have heretofore been granted at \$500, expire.

AITKIN is experiencing a boom on account of activities on the range and railroad building in that county. Every town in Northern Minnesota is prosperous. Two hundred village lots at Aitkin were sold to a Duluth real estate man on Friday.

ON account of the anti-pass law the railroads are not to be allowed to haul crushed rock free from the reformatory within a radius of 75 miles. If that is the case the anti-pass law not only prohibits free rides on railroads but will prohibit rides on good roads in wagons that otherwise would have been built.

THE Alexandria Post-News explains the independent paper in this manner: "The papers of the state are devoting much valuable space to a discussion of the merits of the independent newspaper. Just at present we cannot recall any illustrious example of such in this state. The city press may claim a political independence but it is a slave to a harder taskmaster—commercial interests. The publisher of the country newspaper, if he has not missed his calling, will have some well defined political views; and they cannot and should not be suppressed. Why label them independent, as a trap for a few unwary ones? But we must always have honesty and fearlessness in the consideration of all public questions, and sometimes it will be the publisher's own party which will suffer."

The 4th at the Post Office

Monday, July 5th, will be observed as the National holiday in Brainerd, the 4th falling on Sunday, and in accordance the following hours will be observed at the postoffice: The general delivery and carriers windows will be open from 8 until 9 in the morning and in the afternoon immediately following the arrival and distribution of the mail from the south. There will be no delivery by carrier, either business or resident, during the day, and the rural carriers will make no delivery. No money order business will be transacted.

2t N. H. INGERSOLL, P. M.

No Paper Monday

Monday will be observed as the National holiday and there will be no issue of the Dispatch on that day. 2t

LOCAL NEWS NOTES

Weeks repairs Bicycles. 307 6th S. tf
Miss Lulu Fuller was down from Hubert today.

Dr. Thabes went to St. Paul this morning on business.

A. T. Larson went to Big Lake this morning on business.

I. U. White and family have gone to Gull lake for the 4th.

Miss Hazel Brockway came up last night from St. Cloud, where she was attending summer school at the State Normal, to spend the Fourth at the home of her parents. She reports that there were so many students coming from the school that many were compelled to stand until they arrived at Little Falls.

A valise was found near the Swedish M. E. church yesterday morning and the police notified. It was found to contain articles of women's, children's and men's apparel, and a letter in Norwegian, presumably from a wife to her husband, but only the first names were used. The valise and contents, had been, it is thought stolen from the train or the depot the night before.

D. M. Clark & Co.'s new stock to wall paper just arrived. Price 10c of 35c double roll. 251tf

John Burns, a well known Brainerd boy who has been in Duluth the past year or two working for the Marshall-Wells Hardware Co., passed through today. He was on his way to Billings, Mont., and will represent his employers on the road, making Billings his headquarters. He has many friends here who will rejoice in his promotion and wish him much success in his new position.

One of the pleasant events of the season was the children's party given by Iola Council No. 15, Degree of Pocahontas, in their hall in the Columbian block Friday evening, July 2d, after their regular meeting. The party was given for the members and their families, and the evening was very pleasantly spent in vocal and instrumental music, recitations, etc., after which ice cream and cake were served. There was a good crowd in attendance and all present had a very enjoyable time.

John F. McLean, of Minneapolis, chief train dispatcher of the St. Paul division of the Northern Pacific, accompanied by Mrs. McLean came up today and went to Parkerville to be the guests of Mr. and Mrs. A. V. Snyder over the national holiday.

Miss Jennie Horner

PETER GUNDERSON FOUND IN SWAMP

Deceased Had Been Missing
From Crow Wing for Sev-
eral Weeks Past

HE EVIDENTLY HAD DROWNED
Decased was Something of a
Wanderer and His Absence
Was Unnoted

Coroner Thomas Gibson was summoned to the village of Crow Wing yesterday afternoon to view the remains of a man found in a swamp on the farm of Wm. Daugherty, near there. The remains proved to be those of Peter Gunderson, an aged man who had been around Crow Wing off and on for nearly two years. He had made his home with George Young, working for his board and going and coming as he pleased. The last time he was seen was three weeks ago last Monday night, when Freeman Young and another man, while taking a load of ice from Brainerd to Crow Wing, found him lying in the road intoxicated. They loaded him onto the wagon and took him to Crow Wing where they put him on the porch of the store while unloading the ice. On their return he was gone. A neighbor saw him going south from Crow Wing that same evening, and he was not seen afterward until his body was found by Mr. Daugherty, who started across the swamp to fix a fence running through it. The water where the body was found was just about thigh deep and at the time of Mr. Gunderson's disappearance was at least two feet higher. It is supposed that he lost his bearings, became bewildered, fell in the water and was unable to get up and was drowned. Nothing is known here or at Crow Wing as to his antecedents or relatives, and as he had no property the remains were brought to this city and buried at the expense of the county.

Troubles Makers Ousted

When a sufferer from stomach trouble takes Dr. King's New Life Pill he's mighty glad to see his Dyspepsia and Indigestion fly, but more, he's tickled over his new, fine appetite, strong nerves, hearty vigor, all because stomach, liver and kidneys now work right. 25c at H. H. Dunn's. ttw

For further particulars and reservation write A. J. Perrin, General Agent, Duluth, Minn. 7-20

ONE KILLED AND SIX HURT

Fire Sweeps Through Canadian Town of Cobalt.

Cobalt, Ont., July 3.—Fire swept through Cobalt, causing a loss of \$350,000 to \$400,000, at least one death and the injury of six persons. It is estimated that 2,000 persons are homeless. They will be cared for by the municipal authorities.

Starting in the kitchen of a Chinese restaurant on Halleybury road owned by Joe Lee, the flames spread rapidly and were soon beyond control. Stores, saloons and other business structures were consumed and both sides of the street for half a mile were burned clean.

The local fire department responded promptly and an army of volunteers aided it, but a strong wind was blowing and the use of dynamite was resorted to to check the flames.

With the assistance of the fire department from Halleybury and New Elskard, the fire was placed under control.

General Bolester Dead.

New Ulm, Minn., July 3.—General Joseph Bolester, former state treasurer, legislator, adjutant general, Civil war veteran and mayor of New Ulm, died after a lingering illness of several months.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

DIED IN AITKIN

Hans Jorgenson, A Farmer Residing
in Ross Lake Died in the
Depot There

Hans Jorgenson, of Ross Lake, Crow Wing county, died at Aitkin very suddenly a few nights ago. He was on his way to a hospital in Brainerd when he dropped to the floor and died in a few minutes. A postmortem examination showed tuberculosis and pleurisy to have been the cause of death. Mr. Jorgenson was between 65 and 70 years of age and had lived in the county over 25 years. He leaves a family, according to the Aitkin papers.

A Thrilling Rescue

How Bert R. Lean, of Cheney, Wash. was served from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." For Lung Trouble, Bronchitis, Coughs, and colds, Asthma, Croup and Whooping Cough is supreme, 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn. ttw

In The Lives of Noted Men

A recent number of Everybody's Magazine, containing an appreciative article on the career of Governor John A. Johnson, of Minnesota, now prominently in the public eye, was illustrated by half tone reproductions of portrait studies of Governor Johnson, from the famous studios of Sweet, the widely known Minneapolis photographer.

Life size and lifelike portraits of public men are made a particular feature by this noted firm of artists. A recent exhibition in one of the prominent show windows of Minneapolis contained portraits of T. B. Walker and Thos. H. Shevlin, the lumber magnates; Sam Hill, the former Minneapolis capitalist and railroad man, now of Seattle; Judge Purdy, recently retired from the Federal bench; former Senator Washburn; State Treasurer C. C. Dinehart, of Minnesota; Hon. Seth Comstock, of Moorhead; a group of the district judges of Hennepin county; Hon. E. A. Williams, surveyor general of North Dakota; Judge D. M. Morgan, of the North Dakota supreme bench; besides fifty or more of the representative men in the banking, journalistic and commercial circles of Minneapolis. It

Act Quickly

and you'll save yourself a lot of suffering and trouble. If you have a sudden chill—or taken cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. You'll be safe and on the road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subside. New size bottles 35c., also in 50 cent sizes.

Women Who Are Envious

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wrecked complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth velvety skin, lovely complexion. Many charming women owe their health and beauty to them. 50c at H. P. Dunn's.

Buried Treasures in Morocco.

In Morocco it is customary for a man to bury most of his riches in a place known only to himself. This custom is practiced by all Moors, for they cannot trust their own family, who would murder them directly if it were known where the money was. At the death of the head of a family in Morocco digging operations commence at once, but seldom is the money discovered. There must be many fortunes buried away in odd corners of the country. An instance came under the writer's notice at one of the coast towns. During the demolition of a house a considerable sum of money was found built into the wall.—London Graphic.

A person walking at the rate of four miles per hour consumes 2,800 cubic inches of air per minute.

Jacob Schmidt's bottle beer is delicious. We have the agency. Order a case. Telephone 164 John Coates Liquor Co.

Steam Boat Excursion

Piano tuning, voicing and repairing. First class work guaranteed. Leave orders at Graham's music store or Telephone 218. 2316

The Oratory of Gallarus. The oldest Christian structure in Ireland is a remarkable building, evidently very ancient, but wonderfully well preserved, at Dingle, in County Kerry. It is popularly known as the "Oratory of Gallarus." Who Gallarus was history does not say, but as the oratory has stood practically unchanged for more than 1,000 years, he was probably one of the converts of St. Patrick.—London Saturday Review.

"FIRST MINNESOTA"

Survivors of Famous Fighting Regiment will Witness "Minnesota at Gettysburg" at State Fair

An unusual and impressive feature of the first presentation of the big spectacular production, "Minnesota at Gettysburg," at the Minnesota State Fair on the evening of September 6, will be the presence in the grand stand of many of the surviving members of the First Minnesota who actively took part in that portion of the battle of Gettysburg which is to be reproduced on the fair grounds each evening of the coming fair.

There are comparatively few of the original 262 men who made the gallant charge which changed the tide of battle on July 2d, 1862, who are now among the living and who are residents in the northwest. Of the 262 who made that desperate charge all but forty-seven men who started from the wheat field down the hill to the Confederate line, were killed or wounded and while many who were wounded recovered, death has harvested in the ranks since Lee made his march on Washington.

At the annual re-union of the First Minnesota at Cannon Falls, May 29, in connection with the unveiling of the monument to the late Col. Colville, Secretary C. N. Cosgrove for the Minnesota Agricultural Society, extended to William May, president of the First Minnesota Association, an invitation to all the surviving members of the First Minnesota to occupy seats in the grand stand, Monday evening, September 6, as guests of the Minnesota State Fair management.

"The old boys" of the "Fighting First" are naturally showing a marked interest in the forthcoming spectacle, "Minnesota at Gettysburg" and President May assured Secretary Cosgrove that in so far as it is possible, every surviving member of the original regiment will be present to witness the first production of the spectacle for the 1909 fair.

Could Not be Better

No one has ever made a salve, ointment, lotion or balm to compare with Bucklin's Arnica Salve. Its the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum. For Sore Eyes, Cold Sores, Chapped hands its supreme. Infallible for Piles. Only 25c at H. P. Dunn's. ttw

ARM, HOME AND GARDEN

When the writer was a boy and lived in Northern Iowa it was considered a good stunt in gardening to have green peas and new potatoes by the Fourth of July. At that time north central Minnesota was known only as "the prieries." Few ever dreamed that the time would come that in that frost bound region—as it was supposed to be—there would be gardens which would exceed that old standard of earliness. Yet that is being done right here in Brainerd this year, the writer being only one of several of whom he knows who can revel in these delicacies on that day out of their own gardens.

The Little Falls Herald states that nearly every farmer who drove to Little Falls on circus day had from one to four cans of cream in his wagon and that the cream paid the expenses of attending the show, often several times over. The Herald added that the growing interest in dairying is making the Morrison county farmers independent.

J. B. Galernault, of Aitkin, has announced that he will loan money to farmers in that county to buy cows. In some sections of southern Minnesota and Iowa, when the creamery business was in its infancy it was common for creamery companies to furnish money to buy cows, taking a portion of the cream money each month until the animals were paid for.

HAPPY WOMEN

Plenty of Them in Brainerd and Good Reason for It

Wouldn't any woman be happy, After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, She finds relief and cure? No reason why any Brainerd reader Should suffer in the face of evidence like this:

Mrs. L. Peterson, living in Brainerd, Minn., says: "I have used Doan's Kidney Pills and emphatically declare that this remedy is without doubt a most reliable one. I suffered for a long time from pains through my loins and a consistent dull aching in the small of my back. As there were other symptoms which indicated a disordered condition of my kidneys, I decided to try Doan's Kidney Pills and procured them from H. P. Dunn's drug store. I began the use of this remedy, felt better in a few days and my condition gradually improved until all signs of kidney trouble had disappeared. I am a great believer in the merits of Doan's Kidney Pills and take pleasure in recommending them to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Sheep —Native, \$3.25 @5.20; yearlings, \$4.75 @6.00; lambs, \$5.00 @8.30.

Curious Remedies.

Oil from the church bell and other queer remedies still have their faithful adherents, but nobody nowadays thinks of adopting such horrid nostrums as were solemnly recommended by a Sussex wise man who lived circa 1700. His prescription for whooping cough bade the nurse obtain three field mice, flay (flay) them—let us hope he does not mean alive—and draw them. Roast one of them and let the party afflicted eat it. Dry the others in the oven till they crumble to powder and put a little of this powder into what the patient drinks at night and morning. The assumed eagerness of the patient to devour field mice is pathetic.—London Graphic.

ECK-O-LIN \$10.00 Reward

For any case of Eczema, Salt Rheum, Barber's Itch, Poison Ivy, Itching Piles, Itching Chillsblains, Ring Worm, Cuban Itch, the so-called Seven-Years Itch, or any Itching Irritating Skin Disease which the Eck-O-Lin Healing Skin Perfector will not cure.

WEEKLY REVIEW OF TRADE

Largest Business Visible Is That Being Booked for the Future.

New York, July 3.—Bradstreet's review of trade says retail trade has been helped by steady, hot weather, holiday preparations and clearance sales, but there are reports from many cities that the spring and early summer turnover is below expectations. Jobbing trade is of a midsummer, small filling-in order character. Most confidence and certainly the largest business visible is that reported in and being booked for next fall, winter and spring. In this respect the strength of demand for cotton goods at hardening quotations partly due to the strength of raw cotton, and the satisfactory reports as to orders booked by woolen and worsted goods manufacturers for next spring's delivery at very high prices are by far the notable features. All Western cities report fall bookings larger than last year by various percentages, and some advices are of unprecedented sales for next fall. At large Eastern centers the volume of business done by first hands in dry goods is said to be a little below the best, which oc-

curred in the first half of 1907. In industrial lines the gains previously shown seem to be held.

BODY NOT THAT OF LEON LING

Corpse Recovered From River Is That of a White Boy.

New York, July 3.—Paul Sigel, the father of Elsie Sigel, visited the morgue and pronounced positively that the body recovered from the Hudson river is not that of Leon Ling, the man accused of murdering Elsie Sigel.

A coroner's physician previously declared that the body was not that of a Chinaman, but a white boy apparently about sixteen years old. With this phase of the case disposed of, the Sigel mystery again resolved itself into a search for Leon Ling.

The district attorney's office has requisitioned from the telegraph companies copies of any messages which may have been delivered to the Chinese restaurant keeper who first discovered Elsie Sigel's body. The theory is that he may have been warned by Leon to keep his counsel till notified that Leon was safely out of the country.

Certificate of Incorporation, Cuyuna Iron Ore Company

KNOW ALL MEN BY THESE PRESENTS: That we whose names are hereunto subscribed, have agreed and do hereby agree to form a corporation under Chapter 58 of the Revised laws of 1905, of the State of Minnesota, and for that purpose do hereby subscribe and acknowledge the following Certificate of Incorporation.

ARTICLE I
The name of this corporation shall be CUYUNA IRON ORE COMPANY, and the general nature of its business shall be mining, smelting, reducing, refining and working of ores or minerals or working of stone quarries and marketing the products and manufacturing of brick, stone, iron or steel; the buying, working, selling and dealing in mineral or other lands; the carrying on of lumbering, agricultural, dairying business and exploration; the acquisition of lands, the exploration and development thereof for mineral, the leasing of mineral lands to or from other persons, companies, or corporations; including all the powers and privileges granted to corporations organized under Section 2844, 2846 and 3070 of the Revised laws of 1905. The principal place of the transaction of business of this company or corporation shall be Deerwood, Crow Wing county, Minnesota.

ARTICLE II
The time of the commencement of this corporation shall be June 1st, 1909, and the period of its continuance shall be thirty (30) years.

ARTICLE III
The names and places of residence of the persons forming this association for the purpose of incorporation are, H. Jefferson O'Brien, residing in the City of Superior, Wisconsin; R. J. Sewall, residing in the Town of Deerwood, Crow Wing county, Minnesota; John T. Murphy, residing in the City of Superior, Wisconsin; and Charles W. Potts, residing in the Town of Solon Springs, Douglas County, Wisconsin.

ARTICLE IV
The management of this corporation and the conduct of its affairs shall be vested in a board of four (4) directors, who shall all be stockholders and who shall be elected at the annual meeting of this corporation to be held on the first Monday in January of each year. The first annual meeting to be held in 1910.

The names and addresses of the persons comprising the Board of Directors, until the first annual meeting and election is as follows:
H. Jefferson O'Brien of Superior, R. J. Sewall of Deerwood, Minnesota, John T. Murphy, Superior, Wisconsin, Charles W. Potts, of Solon Springs, Wisconsin.

The officers of the corporation shall be a President, Vice-President, Secretary and Treasurer. The corporation may provide by-laws for the appointment of such other officers or agents as may be deemed convenient or essential for the transaction of its business.

Until otherwise elected, the following shall be officers of this corporation.
H. Jefferson O'Brien—President.
R. J. Sewall—Vice-President.
John T. Murphy—Treasurer.
Charles W. Potts—Secretary.
Any vacancies, either in the Board of Directors or other officers of the company, occurring at any time, may be filled by a vote of the Board of Directors until the next regular meeting and election.

John T. Murphy, to me well known to be the person described in and who executed the foregoing Certificate of Incorporation, as incorporator, and who acknowledged that he executed the same as his free act and deed, for the uses and purposes therein expressed.
(SEAL) ANNA E. ERICKSON,
Notary Public, Douglas Co., Wis.
My commission expires April 12, 1912

State of Wisconsin, County of Douglas, ss.

On this 14th day of June A. D. 1909, before me a Notary Public, within and for said County, personally appeared, Charles W. Potts, to me well known to be the same person described in and who executed the foregoing Certificate of Incorporation, as incorporator, and who acknowledged that he executed the same as his free act and deed, for the uses and purposes therein expressed.
(SEAL) W. B. Kellogg,
Notary Public, Douglas Co., Wis.
My commission expires April 6, 1913.

State of Minnesota, County of Crow Wing, ss.

I hereby certify that the within instrument was filed for record this 26th day of June A. D. 1909, at 1 o'clock p. m., and recorded in Book K of Miss. on page 98.

(SEAL) A. G. TROMMALD,
Register of Deeds.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 21st day of June A. D. 1909, at 9 o'clock a. m., and was duly recorded in Book R-3 of Incorporation on page 552.

JULIUS A. SCHMAHL,
Secretary of State.

FULLY A SCORE PERISHED

Wall of a New Dock Lock Collapses at Newport, Eng.

Newport, Eng., July 3.—It is estimated that twenty men perished by the sudden collapse of the west wall of the new lock at the entrance to the Alexandra dock.

The extension of the dock work has been in progress for some time and fifty men are working in a trench sixty feet deep preparing for the laying of a concrete foundation. Without the slightest warning the heavy timbers gave way in the middle and the entire structure collapsed and carried down with it thousands of tons of earth, the railway lines on both sides of the trench, many railway cars and four traveling cranes.

The men at the bottom of the trench had no chance to escape, but many of those working nearer the surface were uninjured.

The work of rescue was begun soon after the collapse and three men were taken out alive. The bodies of some of the dead were also rescued.

The engineers in charge of the work are unable to account for the collapse of the timbers, as they say these had been examined daily and every precaution taken.

CELEBRATION IN DENMARK

Aarhus, Denmark, July 3.—In this ancient Jutland city, situated on the eastern coast of the Danish peninsula, the Fourth of July will be celebrated tomorrow with a fervor and enthusiasm equal to those displayed in any city of the United States. The reason thereof is the gathering here of a large body of Danish-Americans, come to visit the land of their forefathers. They have not forgotten their new home in their affection for the old and will show the residents of Aarhus what a real old fashioned celebration of the Fourth of July means.

Most of the Danish-Americans here are from the Middle West. At the head of the committee having charge of the Independence day celebration is Dr. Henius of Chicago. Last month Dr. Henius was received in audience by King Frederick at Copenhagen. His majesty showed great interest in the celebration and promised the attendance of Crown Prince Christian.

ARTICLE V
The amount of the capital stock of this corporation shall be FIFTY THOUSAND (\$50,000) DOLLARS, divided into Five thousand (5,000) shares, of a par value of Ten (\$10.00) Dollars each to be paid for in cash, property or services as called for by the Board of Directors.

ARTICLE VI
The highest amount of indebtedness or liability to which this corporation shall be subject, shall be Fifty Thousand Dollars, (\$50,000), or an amount equal to the capital stock then fully paid up.

ARTICLE VII
The regular meeting of the Board of Directors shall be held immediately after adjournment of the annual meeting of the stockholders.
IN TESTIMONY WHEREOF, We have hereunto set our hands and seals this 14th day of June, in the year of our Lord, One Thousand Nine hundred and nine.

CORNELL MAKES A CLEAN SWEEP

Wins All Three Boat Races at Poughkeepsie, N. Y.

ESTABLISH TWO NEW RECORDS

Ithacan Crews Set New Marks in the Varsity Four-Oared Race and in the Freshman Eight-Oared Race at Two Miles Each—Columbia the Strongest Contender in the Varsity Eight-Oared Contest.

Poughkeepsie, N. Y., July 3.—Varsity eight-oared shells, four miles—Cornell, 19:02; Columbia, 19:04½; Syracuse, 19:15½; Wisconsin, 19:24½; Pennsylvania, 19:32½.
Varsity four-oared shells, two miles—Cornell, 10:01; Syracuse, 10:10; Columbia, 10:12; Pennsylvania, 10:27.
Freshmen eight-oared shells, two miles—Cornell, 9:07½; Syracuse, 9:14½; Pennsylvania, 9:21; Wisconsin, 9:22½; Columbia, 9:26.

It was Cornell's day on the Hudson as decisively as Thursday was Harvard's on the Thames. Her saltwater crews made a clean sweep of the fifteenth annual regatta of the Intercollegiate Rowing association, just as those of her sister university in New England won over Yale at New London. But Cornell did more than defeat the crews of the other four universities represented in the race; she established two records for the two-mile course, one in the varsity four-oared race and another in the freshmen eight-oared race. Altogether it was a great day for the collegians from Ithaca and they are celebrating in true Cornell style.

Cornell's sweeping victory was not unexpected. From the time her shells first appeared in practice on the Hudson for the regatta her crews were picked to win. It was conceded that she would take the four-oared race and probably the freshman race, but there was some doubt about the varsity race, the big race of the day. As was predicted, this proved to be the hardest contest, the other two being won in rather an easy fashion. In the varsity eight-oared competition, however, Cornell met a stubborn and unexpected contender in Columbia and it took all the stamina and great rowing strength of her crew to poke the bow of their shell across the finish line a scant length in the lead. In the four-oared race Cornell won easily, three lengths ahead of Syracuse, and in the freshman race, by a length, also from Syracuse.

Kills Wife and Beats Children.

Cleveland, O., July 3.—Foster Thy, colored, killed his wife by cutting her throat and fatally injured his two children by beating in their skulls with a hatchet. The children will die.

Making Good.

There is no way of making lasting friends like "Making Good"; and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, nervousness, dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want a "booster," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much imitated but never equalled.

OUR CHIEF SURGEON

For patients who can come to the Office, our Chief Surgeon, by Plastic Surgery, quickly removes every facial blemish and corrects all deformities of the Face, Head, Eyes, Ears, Cheeks, Nose, Mouth, Chin and Neck, without medicine, knife or pain. Big Reservations Opened

In July, 1909, three more Indian Reservations will be opened to the white man. All directly on, or adjacent to the

Northern Pacific R'y

1. The Flathead, in the most picturesque part of the Rockies, has 450,000 acres of the very finest of agricultural and grazing lands. A government reclamation project will also make a large part of it very attractive.

2. The Coeur d'Alene, just east of the city of Spokane, Washington. On Coeur d'Alene Lake, has about 200,000 acres, including timber lands.

3. The Spokane, north of the city of Spokane, has about 50,000 acres.

4. The Flathead lands are appraised at \$1.25 to \$7.00 an acre—the others not yet appraised.

5. Registration for all these lands extends from July 15 to August 5, 1909. Drawing will take place August 9, 1909. Entries will not be made before April 1, 1910.

For the Flathead land, registration is at Missoula, Montana. For Coeur d'Alene land at Coeur d'Alene City, Idaho. For Spokane land at Spokane, Washington.

For detailed information regarding lands etc., write to C. W. MOYER, Gen. Emig. Agent Northern Pacific R'y, ST. PAUL, MINN.
